I am writing to express
my outrage at turning "Camp
33-12 Daybreak" into a permanent camp.
30-2 [It will surely impact the ecological
system in the area]. [This is public
7-10 — land & must remain that — land
that can be enjoyed by all.] I am
not opposed to the Muslim Youth Camp
I am opposed to giving them permission
to build on my land.

Thank you —
