To: Hagerty, Karen H  
Subject: Camp Daybreak

6-1 [ I have reviewed the EA and your Master Plan. The master plan designates the Daybreak area as forest/wildlife management NOT intensive recreation. The shoreline is designated as inviolate. ]  
31-7 [ Your EA never addresses environmental concerns relative to dredging and shore modification. ]

6-1 [ Can you violate your own plan?  
How would that bear scrutiny should a judicial review be conducted? ] [ I protest the issuing of ANY lease which would convert a natural woodland into a resort/convention center at taxpayers' expense while removing it from access by the general public. ] Please record this protest as a "public comment" against the MYCA lease.

7-10
