The answers are certainly not the answers I would give to the questions

They are certainly not objective.

Who wrote those answers?

The **most** interesting answer was to the question "what criteria does the Corps use to evaluate nonprofit lease proposals on its property?" The answer is "applications...are reviewed based on several factors...and the lessee's qualifications (financial and experience) to carry out the purpose of this lease.

INTERESTING....**MYCA** has NO experience...the corporation existed for just 60 days when selected by you; and minimal financial assets.....they listed just over \$5,000 as total assets on their application for exemption to the IRS.
