

GP 84-

Dear Mrs. Hagerty,

I would like to state that the proposed "Muslim youth camp" **set** to be built near **Coralville** Lake (Iowa) is a great idea. Even though I am not from Iowa (I'm from New York), I have been following this proposal and feel that the building of such a camp would be quite beneficial to Muslim youth and would most importantly serve to ease some of the tensions that exist between Muslims and those of other faiths, in terms of educating one another (via inter-faith educational secessions they may occur at the camp), thus helping to eliminate some of the ignorance that is plaguing our society.

Sincerely,
John Smith
