I am writing to tell you  
I oppose giving (lease? forever)  
land to a group of people  
who plan to destroy the area.

33-9

30-2

They want to build and have  
thousands of people coming and  
going. I can't imagine what  
this would do to the area, land  
environment and peace of the area.

7-10

Why would you give (lease?) land  
that belongs to all Jews  
to enjoy, to them.

I wonder what do you  
know of them? Granted there  
are some good Muslims but  
their track record of late is  
not all that good. Look  
at the terror and killing in the  
Middle East, Africa, Philippines,  
Indonesia, Europe and even  
here in United States. They (Muslim)  
have taught these children to hate us.

25-8

This was on CBS news.

I guess I cannot see  
the justification of giving our  
land to these people. Not only  
for they represent but for  
what they will destroy.
