Ms. Hagerty,

I would like to express my support for the proposed MYCA camp on Coralville Lake. As someone who has spent time in Cedar Rapids as well as in a Muslim community abroad, I know that this camp will be very beneficial to the mutual understanding of the groups in the community. In light of recent events, this camp is even more important for preserving the religious and ethnic diversity that has been the hallmark of our country for over 225 years.

Sincerely,
