NAVIGATION ADVISORY

HYDRAULIC DREDGING

Shokokon Chute, UMR Mile 401.3 L

The Dredge Chris L will be working in Shokokon Chute, UMR Mile 401.3 L, providing dredge material for the re-construction of the Henderson II levee. This will not affect commercial navigation. Pleasure boaters are advised to be aware of the possibility of floating plastic pipeline during dredging operations. Dredging will be performed 7 days a week, 24 hours per day until the job is completed.

Mariners are requested to contact the Dredge Chris L on channels 13 or 16, THIRTY minutes prior transiting the area for passing instructions.

Pleasure boaters are urged to transit at their slowest safe speed to minimize wake and proceed with caution after passing arrangements have been made.
