CALLER: Stan Johnston
COMPANY: Linn County Rural Electric Cooperative Association
PHONE #: (319) 377-1587
PROJECT #: 200067

TIME: 12:00 PM
DATE: 10/20/2000

SUBJECT: transformers on Coralville Project

ZEI
Personnel: JLJ

CONVERSATION SUMMARY:

spoke with Stan about the status of transformers at the Coralville site.

He said that Wayne checked the previous week and reported that there was no transformer there, only an empty switch cabinet. Since there is no transformer, there is no risk of PCBs on the property. Even if there was a transformer in the area, it would be checked so that there were no PCBs.
